Morningstar is a 4-piece theatrical, modern, symphonic, melodic metal band from Madison WI. Morningstar's sound defies categorization, while delivering powerful emotion, backed by a high-energy, authentic live performance that audiences connect with. Morningstar brings the heart and soul to rock-n-roll.

The earliest origins of the band are traced to rural Wisconsin, when Amber responded to a newspaper ad that was seeking a singer for a band. It was Brandon who had placed the ad. Since then the band evolved and went through different iterations as original hard rock and metal bands. In 2017 they emerged forward as Morningstar. Not long after, they released their first single *Bittersweet Lullaby*, created with the intention to remove stigma and spark conversations around mental health.

In May 2022 Morningstar released their debut album, *Between Your World and Mine*.

The band has become a go-to direct support for many touring acts including Saul, Smile Empty Soul, Bobaflex, Gemini Syndrome, Royal Bliss, The Black Moods, September Mourning, Stitched Up Heart, Tantric, Otherwise, KrashKarma and more.

Morningstar has been a finalist numerous times for the Madison Area Music Awards Hard Rock/Metal band of the year and has enjoyed playing at festivals including The World's Largest Brat Fest, Northwoods Rock Rally and Rock-2-Stop-22 annual festival for a charitable Veteran's organization.

In a Grande Rock article in July 2023 a music blogger said: "To compare Morningstar to any other band would be doing them a disservice. Morningstar is a beautiful visual and audio experience to behold!"

In 2023 and beyond Morningstar is looking forward to continuing to connect with fans, touring, releasing new music and continuing to expand their fanbase.
